

Devon & Somerset Operational Leadership Programme FREE Awareness Event

Monday 8th September 2008, 9.00 – 13:00

Manufacturing Business Leaders and Senior Managers are invited to attend this half day event to learn more about the Operational Leadership Programme for first line managers who are eager to get more from their people and shop floor processes.

The session will explain how this 6 stage development programme, run over approximately 10 weeks, is different to other courses currently available.

It helps first line managers to improve management and manufacturing skills to add value to their business. Participants will increase their capacity, confidence and capability in leading people and improving their manufacturing processes. Programme delegates will also undertake an in-company improvement project.

- Upskill your team leaders, supervisors and managers
- Delivered by manufacturing specialists with 1 to 1 coaching support

This free workshop will be held at:

Venue :
Shrubbery Hotel
Station Road
Ilminster
Somerset
TA19 9AR

Please book on-line at: www.swmas.co.uk/Events/Events.php/605

We hope to meet you on 8th September 2008 - please do not hesitate to contact me for clarification on any of the above.

South West MAS was set up to help smaller business improve productivity, reduce waste and compete more effectively and is one of ten manufacturing advisory services set up by the DTI (now Department for Business, Enterprise & Regulatory Reform), whose brief is to help manufacturers improve their productivity through hands on advice and assistance.
