

NEW Cornwall Chamber Industry Breakfast
Tuesday 25th June, Penventon Park Hotel Redruth

Professor Daniel T Jones

LEAN BUT DON'T BEND

"How manufacturers globally are adapting to adverse new market conditions"

The current Chamber Business Breakfast is the biggest monthly meeting of Cornwall's business community. More than 100 people from across Cornwall get together to do business and hear about key developments in the economy of Cornwall.

What we hear from our engineering and manufacturing members is that they need a different set of topics and a different set of contacts from the service industries that tend to dominate our flagship event.

Responding to that, we have arranged an event for industry. Networking for those who get their hands dirty for a living.

We are delighted to have secured a prestigious and inspiring speaker for the morning. **Daniel T Jones** is a management thought leader and advisor on applying lean, process thinking pioneered by Toyota to every type of business across the world. He is the founding Chairman of the **Lean Enterprise Academy** in the UK, dedicated to pushing forward the frontiers of lean thinking and helping others with its implementation. His work has inspired the very successful implementation of lean by Tesco and many other companies.

This special event is open to companies across Cornwall, whether or not they are a member of the Chamber of Commerce and Industry. Numbers are restricted so book early.

TO BOOK YOUR PLACE contact Amanda on 01209 216006 or email amanda@ccci.org.uk
